- Weather
- Restrooms
- Security

# Fire Prevention Bureau Mission

To provide a solid foundation and leadership in fire safety prevention, education and preparedness for all of Ohio.

# Our Safety Educators

Michael Aldridge  
Josh Amspaugh  
Chuck Arnold  
Jerry Dabrowski  
Troy Huth  
Josh Lewis  
Tim Royer  
Jenni Snyder  
Steve Waltman

# Project Description

Determine training options to better assist healthcare agencies toward fire safety training compliance.

# Project Scope

- Increase training opportunities, including 2<sup>nd</sup> & 3<sup>rd</sup> shifts
- Reduce cost to healthcare agencies [i.e. overtime, travel expenses]
- Reduce cost to SFM [i.e. travel costs, labor, time management]
- Reduce scheduling challenges
- Validate training to increase acceptance by ODH survey teams
- Document training of individuals

# Objectives

- Identify suitable learning management tool
  - Widespread availability
  - Easily accessible to/understood by all
  - Flexible scheduling options
  - Learning evaluation tools
  - Certificate of completion

# Objectives

- Deliver training to satisfy ODH mandates
- Validation of training is automated

# Success Factors

- Training Accessibility
  - More staff trained annually
  - Accountability – documentation that training was held
  - Reduced costs to both agencies
  - Second and third shift have same access as first shift

# Training Possibilities

Training tools exist to help facilitate the intended goals and outcomes.

## Healthcare - General Fire Safety

These trainings are available to healthcare employees in Ohio. The trainings satisfy the requirements of Ohio Department of Health. Sessions are held each week; several times are available. Some training may be pre-recorded. Instructors are Ohio Division of State Fire Marshal fire safety educators.

## Fire Safety Tips for Older Ohioans

- Install a smoke detector on each level of the home and inside each bedroom.
- Check the smoke detectors monthly and change the batteries at least twice a year. Caregivers are encouraged to check detectors for those who are unable to do it by themselves.
- Make a fire escape plan for the home and know two ways out of the home.
- Make any necessary accommodations, such as providing exit ramps and widening doorways to facilitate an emergency escape.
- Speak to family members, the building manager or neighbors about your fire safety plan.
