AFTER: On the right is the simpler and faster “future state” process designed by the Kaizen team.

LeanOhio Overview

Here’s how the LeanOhio Office is making government simpler, faster, better, and less costly.

Major Process Improvement

Consultants from the LeanOhio Office lead major process-improvement events. In 5-day Kaizen events, teams transform key processes – eliminating red tape, removing bottlenecks, reducing process time, strengthening service, and saving money. Since January 2011, LeanOhio has led over 80 Kaizen events. (See “before” and “after” photos above.) lean.ohio.gov/results

Lean Six Sigma Consultation

LeanOhio consultants assist agencies in using Lean Six Sigma tools to find major improvement opportunities (through value-stream mapping), mistake-proof their forms (poka-yoke), reorganize the workspace (5S), analyze data, hear from customers, and more. lean.ohio.gov/consult.aspx

Training and Development

The LeanOhio Office has a robust program of training, development, and mentoring. Offerings include Yellow Belt Training (1 day), LeanOhio Boot Camp (1 week), Green Belt Training (2 weeks + project), and Black Belt Training (5 weeks + project). lean.ohio.gov/training

LeanOhio Network

The LeanOhio Network unites State employees who have attended LeanOhio training. The group is 1000 people strong, with 79 Black Belts and 191 Green Belts. Among state governments, Ohio leads the nation with the most in-house Lean expertise. lean.ohio.gov/network

Lean Leader Development Program

LLDP provides high-potential state employees with an immersive experience of advanced learning, practice, and knowledge transfer back to their agencies. Participants work in-house with the LeanOhio Office for up to 3 months strengthening their skills around process improvement. lean.ohio.gov/lldp

Resources

To power new thinking and higher levels of improvement, the LeanOhio Office routinely adds to its library of improvement resources. lean.ohio.gov/resources.aspx

lean.ohio.gov

Since its 2011 launch, lean.ohio.gov has become the nation’s largest public-sector Lean website.
